NAVIGATING THROUGH THE COMPLEXITIES of doing business in the People's Republic of China (PRC) takes an understanding of the legal and cultural differences and an awareness of pitfalls to avoid. Join us for an afternoon and evening of seminars, workshops, and networking designed to give you a legal, practical and cultural roadmap for business success in the PRC.

The afternoon seminars and workshops focus on issues such as tax, employment and intellectual property laws, foreign investment and ownership, choice of business entities and PRC-based manufacturing, as well as the practical and cultural challenges faced by foreign business in China.

An appetizer networking/reception featuring Arthur J. Rolnick will follow addressing: *"The U.S., Minnesota, and China: A Macro-Economist View of the Trends in the Up-Down Economy."*

Attendance is by invitation only and limited to the first 100 registrants. For more information and program details, please visit www.mansfieldtanick.com.
